The "ROYAL" was established Sixty-eight years ago and is transacting an increasingly large business.

Careful Investment of Funds and Strict Economy of Management have always characterized this Company.

Commissions and Expenses of Management represent only 9% of the Income—a singularly striking evidence of the extremely economical Management.

Thus it is clearly and unmistakably indicated that the Company, by the exercise of economy, is effecting unusually large savings for its Policyholders.

**The same rate of BONUS has been maintained unaltered for the past 45 years by the "ROYAL"**

Looking into the future in the light of the tried and proved experience of 68 years, the prospects can be regarded with the utmost confidence.

¶ Although a man may spend millions in advertising, he is poorly advertised if he cannot be found in the Directory.

¶ A large portion of good advertising reaches those who are not ready to buy, and when they are ready, they must consult the Directory.

¶ If you advertise at all, put your advertisement in the Directory and get the full benefit of all the other advertising you are paying for.

¶ But above all, have your advertisement in the Directory in order that you may be easily found by those who look—at the time they intend to buy.

¶ The CLASSIFIED LISTS in the Directory are the greatest *Buyers' Guide* in the World.

The six rows of heavy rubber studs are arranged in such a way that they exert a positive resistance to side pressure from any direction at angles with the straight course and make skidding or slipping practically impossible.

The extra thickness of the studs gives Republic Staggard Tread Tires a riding surface equal to two ordinary smooth tread tires—meaning twice the service.

# Western Mausoleum Company

Limited

This company is one of a circle of Mausoleum companies in the Dominion of Canada and the United States engaged in the erection of sanitary and beautiful Community Mausoleums

Our Mausoleums comply in every particular with the strictest public health laws, and are endorsed by Boards of Health, scientists and professional men. We have in our office copies of letters and reports from scientific experts and authorities on sanitation, endorsing the Community Mausoleum idea in the strongest possible terms.

The Western Mausoleum Company, Limited, has taken over the full rights for the whole of Western Canada, in patents which cover the distinctive features of construction and the incomparable system of sanitation employed in the erection and equipment of modern Community Mausoleums.

A plan has been adopted whereby each Mausoleum will be endowed with a fund, the income from which will amply provide for the upkeep of the building for all time. This endowment will be placed with a Trust Company or a Trustee, selected by the purchasers of the compartments, who become the owners of the building.

It is the purpose of this Company to erect Mausoleums of the finest modern type in the cities and towns of Western Canada in the immediate future. These buildings are the most permanent known, being entirely of reinforced concrete with exteriors of permanent stone, and interiors of polished marble. Doors and windows are of solid bronze.

# Introductory

The publishers present herewith the Thirty-sixth Annual Edition of Henderson's Winnipeg City Directory. They do not believe that the work could be made more complete, and they have faithfully endeavored to show within these pages the constant growth of the city in population and in commercial and industrial development.

This Edition embraces the area of GREATER WINNIPEG, comprising the territory of the City proper, Elmwood, St. Boniface, Norwood, St. Vital, St. James, Assiniboia, Kildonan and other environs.

Special attention is directed to the Miscellaneous Section in the front part of the volume. This has been compiled from various records and statistics issued in the city and province, and the thanks of the publishers are accorded to all assisting in this work.

The Classified Section in the back part of the volume, like the Miscellaneous, is so arranged as to be of the greatest value for ready reference. The information in both sections is comprehensive and pertains to everything regarding the City of Winnipeg.

The Advertising Section presents the names of firms and individuals who are making Winnipeg the great city that it is, and who are a power in the industrial and commercial world of Western Canada.

The form of the pages is much the same as last year, but to provide for the steady increase in information, and to prevent the book from becoming unwieldy, the publishers have substituted a smaller face of type, and have eliminated all advertisements from the columns of names. This directory, although containing a great many more names than the directory of last year, is actually a smaller book. Our patrons will doubtless appreciate these features which have enabled the book to be presented to them in a much more convenient form for reference.

Instead of the red and green covers, which the public have become accustomed to, the directory this year presents a slightly different appearance: the cover is of one piece of green cloth. This has been done to improve the binding, and to enable the publishers to meet the demand occasioned by subscribers, for early copies of the book.

# Population

The greatest interest, naturally, is always aroused regarding the population, and its increase from year to year. The directory method is an accepted form of estimating the population of a city. The publishers believe they have settled on a multiple, that will give figures, as nearly correct as it is possible to obtain them by this method. Henderson Directories bases its estimate on the number of names in the Winnipeg Directory, using the multiple 2.75. It must be thoroughly understood, however, that the figures deal with GREATER WINNIPEG, and are an estimate only. *They are not a census.*

## Population of Greater Winnipeg, 276,177

The appended Table indicates the increase in the population of Winnipeg since the first issue of Henderson's Directory in 1876:—

| Year | No. of Names | Estimated Population | Increase Per Cent. |
|---|---|---|---|
| 1876 | 1,080 | 4,050 | |
| 1880 | 2,156 | 7,847 | 93.75 |
| 1890 | 8,334 | 27,085 | 245.16 |
| 1900 | 15,151 | 50,503 | 86.46 |
| 1910 | 60,232 | 172,865 | 242.28 |
| 1911 | 71,007 | 204,145 | |
| 1912 | 82,669 | 227,339 | |
| 1913 | 94,704 | 260,436 | |
| 1914 | 100,428 | 276,177 | |

The publishers desire to thank their patrons and the general public for the unfailing courtesy given their representatives, and also to say that they appreciate most thoroughly the confidence and satisfaction which the business men of Winnipeg have always shown in them and their work.

## WINNIPEG GRAIN EXCHANGE

The Winnipeg Grain Exchange is by far the largest and most important one in the Dominion of Canada today, and occupies a magnificent exchange building in which is most satisfactorily handled the ever-increasing volume of business created by the enormous crops of Manitoba and the Northwest Territories.

Although the Exchange's future trading market has not been long in existence, its quotations are regularly supplied by the telegraph companies to the leading grain and produce associations of Canada, Great Britain and the United States, upon whose quotations they ex ert a strong influence.

# Postal Information

## RATES OF POSTAGE

**FIRST-CLASS MATTER.**

**LETTERS**

Letters addressed to places in Canada, Mexico and United States, including Guam, Hawaii, Panama Canal Zone, Phillipine Islands, Porto Rico and Tutuila, 2 cents per ounce or fraction thereof.

Letters addressed to places in Canada must be at least partially prepaid, and those addressed to Mexico and the United States must be prepaid at least a full rate (2c.). **Otherwise they will be sent to the Dead Letter Office.**

Letters addressed to places in Canada and partly prepaid will be forwarded, subject on delivery to double the amount of unpaid postage.

Letters for the United States should bear the name of the State as well as that of the Post Office.

Letters addressed to mere initials, or fictitious names, will not be delivered unless addressed in care of a resident or to some box in the Post Office.

Letters addressed simply to a street number or to a room number in a specified building without the name of a person, firm, etc., may be delivered, provided there is only one household or firm in occupation of the premises indicated; otherwise letters so addressed will be sent to the Dead Letter Office as insufficiently addressed.

Every letter for the city should bear name, street and number, no matter how well known the name may be; otherwise it is an incomplete address, and delivery may be delayed.

RE-DIRECTED LETTERS.

Re-directed letters are not liable to any additional postage if handed back to the Post Office with a changed address at the moment of delivery or as soon as possible thereafter, provided always the change in the address does not require the letter to be sent to any place to which the postage rate is higher than was at first payable. In this case the additional postage, if not prepayed, will be collected on delivery.

Re-directed letters should not be dropped into a Post Office Box or Receiver unless additional postage has been put on to carry them to their second destination.

REQUEST LETTERS

Letters from places in Canada, Newfoundland, Mexico and the United States, covered by envelopes, bearing a **request**, either printed or written, that the letters be returned to the sender if not delivered within a certain specified time, will be returned as requested if not delivered in the time stated.

Requests, whether printed or written, on packages of Third or Fourth-class matter, and on transient newspapers for return in case of non-delivery, will be complied with; but a charge will be made for such direct return equal to the original postage charge.

SPECIAL DELIVERY LETTERS

Letters are sent to their City Addresses between 7 a.m. and 11 p.m. daily, except Sunday, bearing, in addition to the usual prepayment of 2 cents an ounce, a "special delivery" Canadian stamp, addressed to the following cities in Canada: Berlin, Brandon, Brantford, Brockville, Calgary, Charlottetown (P.E.I.), Chatham, Ft. Odd cents may be made up by affixing Canadian Postage Stamps not exceeding 9 cents in value to the face of a Postal Note, if the same is for remittance to a place in Canada.

Additional Postage Stamps must not be attached to Note by payee.

Canadian Postal Notes can be made payable at any Post Office in the United States transacting Money Order business. If the payee resides in a city, the Notes must be drawn on the Main City Office, not on a sub-office or station.

Postage Stamps must not be affixed to Postal Notes drawn for payment in the United States.

Canadian Postal Notes are payable only in Canada and the United States.

British Postal Orders issued in the United Kingdom and British Possessions are payable at the Main Office in the following cities in Ontario: Ottawa, Kingston, Toronto, Hamilton, Brantford, London and Windsor; and also at the principal cities in the other provinces of Canada.

## GENERAL POSTAL INFORMATION

**A large number of letters reach the Post Office every day which are undeliverable, by reason of the absence of street and number from the address, while serious delays and vexatious errors occur all the time from the same cause. Whether in business or residential districts, "street and number" form an indispensable part of the address of letters. If business men, however well known, have their street and number printed on their stationery, their correspondents avail themselves of the information, and the Post Office and public are both benefited. Delay to the extent of at least one delivery must occur when reference to the City Directory is necessitated.**

**CITY LETTERS.—Where an addressee's name is in the City Directory, the writer has the same means of completing the address as the post office has, and delay in delivery is avoided.**

**A street runs sometimes for miles under the same name, and a dozen or more carriers serve its several parts. Where the house number is omitted from the address in such streets, the letter will be returned to writer for amended address, instead of, as heretofore, being tried on every carrier serving that street, and prompter delivery will result. If referred to our Directory Clerks, the wrong person must often be "tried" and time is lost in the same way.**

Thinking to save trouble in their own offices, persons mailing circulars, catalogues, etc., in large numbers often address them omitting street and number; thus entailing certain delay in sorting and equally uncertain delivery. Banks and companies posting notices and dividend cheques are constant offenders in this way. In the interest of the senders these will be returned in bulk for better address.

Persons living in the neighborhood of the Post Office sometimes complain that they receive letters no earlier than those who live in the suburbs. It would seem almost unnecessary to state that every carrier begins his walk practically at the same time. The position of a house in the carrier's walk governs the time at which letters are received there. These walks are meant to be covered in one hour, or two, according to district and the number of deliveries made in the day. The hour of the first delivery accords with the arrival of morning trains from the East; and a majority of people object to receiving letters before 8 a.m.

Merchants or others having much mail matter to post at or about 6 p.m., when their offices close, are advised to insist on their messengers carrying the matter to the General Post Office, thus avoiding occasional overfilling of the street letter boxes in the central district.

Persons posting circular notices of meetings, etc., where immediate despatch is of importance, would do well to hand them in at the Post Office with intimation to that effect.

The growing habit of using in an address the fancy title of a house, instead of merely the plain street and number, is a frequent source of error at the sorting cases, where the work has to be done by a rapid glance, and the title of the house happens also to be the name of a post-town.

A Carrier is not required to leave letters at any house where he may be in danger of a vicious dog. The owner must call at the General Delivery, till the dog is tied up or otherwise disposed of.

Many persons telephoning to the Post Office resent the reply that their request must be put in writing. But obvious mischief might result from orders for the disposition of correspondence given by an unrecognized voice.

Unused Postage Stamps not being redeemable by the Department should not be used for the remittance of small sums of money, as Postal Notes have been introduced for that purpose.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer or to any other person.

The sending of a letter or any communication or document subject to letter postage in an open cover does not in any way diminish its liability to letter rate of postage.

Letters bearing mutilated stamps, or stamps so soiled and defaced as to make it impossible for the sorting clerks to decide whether they have been used before or not will be sent to the Postmaster General for his adjudication.

## MAIL COLLECTIONS

On week days the street letter boxes (according to location) are searched from nine times a day in the central districts to twice in the outside, except Sunday.

On Sundays, street letter boxes are searched at 6.00 p.m.

On Public Holidays—New Year's Day, Good Friday, 24th of May, Dominion Day, Labor Day, Thanksgiving Day and Christmas Day—there is a morning delivery only. The outgoing mails will close as usual. Street letter boxes will be collected twice during the day, viz.: 10 and 19.30. The General Delivery will be open from 8 to 11 o'clock.

## LICENSED STAMP VENDORS

**The Post Office Act imposes a fine of $40.00 (each offence) for the unauthorized sale of Postage Stamps, Post Cards, etc.**
